

**Scouting
For Food
Arrowmoon District**

In May 2009, the national group Feeding America released new Census data that showed 22.1% of Texas children live in households facing hunger, the highest rate in the nation.

Scouting for Food is a service that the Cub Scouts and Boy Scouts do out of responsibly and love. Scouts will be going door to door on January 30, 2010 leaving plastic bags to be filled and ready for pick up by February 6th.

Our goal for 2010 is to collect 37,000 pounds overall. We might not be able to stop the food storage but we will do our best in helping families and their love ones not to go hungry.

Please help us donate much needed food items on February 6th. Your help and contributions will help so many and touch so many. If you have any questions please call or e-mail me.
